III – Performance Improvement	73
IV – Definitions	74

EXECUTIVE SUMMARY

The provisions of Family Code (FC) sections 17600(b), 17600(c), 17600(g) and 17602 require the Department of Child Support Services (DCSS) to report annually and semi-annually to the Legislature on the status of the Child Support Program and performance of local child support agencies (LCSAs). Section I of this report provides detailed state and local level information on performance measures. Section II provides data for program costs and program administration. This report covers the performance results for Federal Fiscal Year (FFY) 2020 which ended on September 30, 2020.

Beginning on January 1, 2001, DCSS established Child Support Program performance standards consisting of the federal and state measures to enable uniform assessment of performance at the local, state and national levels. The performance measures are a means to, effectively and continuously monitor, evaluate, and improve the performance of the Child Support Program. This report provides an historical comparison of FFY 2016 through FFY 2020 for the federal and state measures.

Federal Performance Measures

- Paternity Establishment
- Child Support Order Establishment
- Collections on Current Support
- Cases with Collections on Arrears
- Cost Effectiveness (collections compared to program cost)

State Performance Measures

- Percent of Cases with Collections of Current Support
- Average Amount Distributed per Case with a Collection
- Percent of Cases with a Support Order Established During the Report Period
- Percent of Cases Requiring a Support Order with Alleged Fathers or Obligor Served with a Summons and Complaint
- Percent of Cases with Support Orders Established with Medical Support Ordered and Provided
- Comparison of Received Complaints to Cases (customer service)
- Total Direct Costs of Administering the LCSAs, including share of costs, and incentive funding received by each county (see Section II, Program Administration)
- Total Indirect Costs of Administering the LCSAs, including share of costs, and incentive funding received by each county (see Section II, Program Administration)

FC Section 17600(c)(4)(A) directs DCSS to report annually on the *direct* costs of the program, broken down further by total employee salaries and benefits, and a list of the number of employees broken down by job classification. FC Section 17600(c)(4)(B) mandates DCSS to also report annually on the *indirect* program costs, showing all overhead charges. Section II, Program Administration, addresses both direct and indirect costs in compliance with these requirements. In accordance with the requirements of FC Section 17602, Section III contains information regarding the establishment of individual LCSA performance goals and performance improvement plans.

I. CHILD SUPPORT PERFORMANCE OVERVIEW

Statutory Requirements

This report satisfies the requirements of FC Sections 17600(c) and 17600(g) for an annual report of data compiled on California's Child Support Program.

Performance Measures

California measures Child Support Program performance based on a combination of federally mandated measures and state developed measures in the following areas:

Federal Performance Measures

- Paternity Establishment Percentage (PEP)
 - Statewide PEP
 - IV-D PEP
- Percent of Cases with Support Orders Established
- Percent of Collections on Current Support
- Percent of Cases with Collections on Arrears
- Cost Effectiveness

State Performance Measures

(Exclusive of total cost, direct cost, indirect cost and Full Time Equivalent (FTE) data reported in Section II of this report.)

- Percent of Cases with Collections of Current Support
- Average Amount Distributed Per Case with a Collection
- Percent of Cases with a Support Order Established During Report Period
- Percent of Cases Requiring a Support Order with Alleged Fathers or Obligors Served with a Summons and Complaint
- Percent of Cases with Support Orders Established with Medical Support Ordered and Provided
- Comparison of Received Complaints to Cases

The Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PRWORA) implemented an incentive funding system based on Federal Performance Measures. The intent of the incentive funding system is to use specific performance measures to gauge the program's success in achieving federally set goals and objectives, and to reward states for achieving these goals. States must meet a minimum threshold for each performance measure to earn incentive payments. Failure to meet a threshold not only disqualifies a state from earning incentive payments on that measure but may also subject the state to penalties on its Temporary Assistance to Needy Families (TANF) block grant.

The State Performance Measures, including total cost, direct cost, indirect cost and FTE data in Section II, were established by California to monitor aspects of the Child Support Program not covered by the Federal Performance Measures, giving DCSS additional insight and indicators to measure program accomplishments.

Performance on Federal and State Measures

California continues to meet the minimum performance threshold for all five Federal Performance Measures in FFY 2020 as detailed on pages 7 through 30.

The California Child Support Program performance measures and performance outcomes updated through FFY 2020 are summarized in the following tables.

Summary of Federal Performance Measures			
Year-to-Year	FFY 2020	FFY 2019	Percent Change
Statewide PEP	88.6%	93.8%	-5.5%
IV-D PEP	100.6%	101.5%	-0.9%
Cases with Support Orders Established	92.1%	92.1%	0.0%
Collections on Current Support	66.5%	66.6%	-0.2%
Cases with Collections on Arrears	78.7%	66.7%	18.0%
Cost Effectiveness	\$2.74	\$2.51	9.2%

The State Performance Measures (displayed on pages 31 through 55) for FFY 2020 reflect improvements in three of the six state measures.

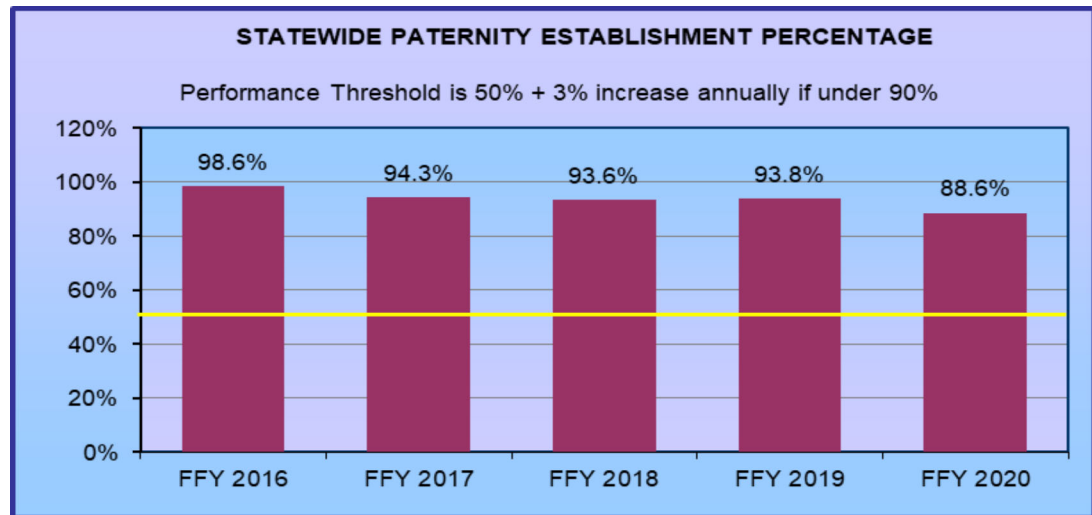

Summary of State Performance Measures			
Year-to-Year	FFY 2020	FFY 2019	Percent Change
Percent of Cases with Collections of Current Support	88.1%	82.1%	7.3%
Average Amount Distributed Per Case with a Collection	\$3,711	\$3,601	3.1%
Percent of Cases with a Support Order Established During Report Period	30.0%	34.9%	-14.0%
Percent of Cases with Alleged Fathers or Obligors Served with a Summons and Complaint	28.9%	30.8%	-6.2%
Percent of Cases with Support Orders Established with Medical Support Ordered and Provided	38.3%	38.9%	-1.5%
Complaints Received	643	882	-27.1%

FEDERAL PERFORMANCE MEASURES

STATEWIDE PATERNITY ESTABLISHMENT PERCENTAGE

The Federal Performance Measure for the Statewide Paternity Establishment Percentage (PEP) measures the ratio of the total number of children for whom paternity has been established or acknowledged during the current FFY to the total number of children born out-of-wedlock in the state during the prior year, expressed as a percentage.¹ This calculation uses the number of children, not the number of cases. A paternity can only be counted once, either when a voluntary acknowledgement is filed, or at the time a court order determining paternity is established.

For incentive calculation purposes, states can choose whether to have their paternity establishment percentage evaluated using one of two measures: IV-D PEP or Statewide PEP. DCSS elected to use the Statewide PEP measure. This report also includes the IV-D PEP measure on page 11.

In FFY 2020, Statewide PEP was 88.6 percent, a decrease of 5.2 percentage points from the prior year. Children born out-of-wedlock in FFY 2020 reached 166,645 compared to 147,634 paternities established or acknowledged in FFY 2020. California receives the maximum amount of federal incentive payments for this measure. See Tables A and A-1 on pages 8 and 9.

¹ This percent is calculated from data reported on the annual OCSE 157 Report, Line 9 (Children in the State With Paternity Established or Acknowledged During the FFY), divided by Line 8a (Children in the State Born Out-of-Wedlock During the Prior Year). For this calculation, the denominator represents data from a prior period; therefore, it is possible for Paternity Establishment Percentage (PEP) to be greater than 100 percent. The minimum federal performance threshold is 50 percent.

SOURCE: OCSE 157 Lines 9 (Children in the State with Paternity Established or Acknowledged During the Federal Fiscal Year) and 8a (Children in the State Born Out-of-Wedlock During the Prior Year) - Vital Records (VR) Data
For this calculation, the denominator represents data from a prior period; therefore, it is possible for Paternity Establishment Percentage (PEP) to be greater than 100 percent.
Due to adjustments made to the OCSE 157, line 9 statewide total count was reduced by 19; therefore, the sum of the individual LCSA data for line 9 will not equal the statewide total.
*No activity reported by Vital Records or no birthing hospital for the LCSA or an individual county in a regionalized LCSA; therefore, Statewide PEP cannot be calculated.

**TABLE A-1

SOURCE: OCSE 157 Lines 9 (Children in the State with Paternity Established or Acknowledged During the Federal Fiscal Year) and 8a (Children in the State Born Out-of-Wedlock During the Prior Year) - Vital Records (VR) Data
For this calculation, the denominator represents data from a prior period; therefore, it is possible for Paternity Establishment Percentage (PEP) to be greater than 100 percent.
NOTE: Reporting the regionalization of Merced/Mariposa and Humboldt/Trinity did not begin until October 2016, therefore prior data is not applicable (n/a).
*No activity reported by Vital Records or no birthing hospital for the LCSA or an individual county in a regionalized LCSA; therefore, Statewide PEP cannot be calculated.

STATEWIDE PATERNITY ESTABLISHMENT PERCENTAGE FFY 2020

For this calculation, the denominator represents data from a prior period; therefore, it is possible for Paternity Establishment Percentage (PEP) to be greater than 100 percent.
 NOTE: Alpine, Calaveras, Colusa, Glenn, Mariposa, Modoc, Sierra, Sutter and Trinity counties are not included in this chart as no activity was reported by Vital Records or there were no birthing hospitals in those counties

IV-D PATERNITY ESTABLISHMENT PERCENTAGE

The Federal Performance Measure for IV-D Paternity Establishment Percentage (IV-D PEP) measures the ratio of the total number of children in the IV-D caseload in the FFY for whom paternity has been established or acknowledged, to the total number of children in the IV-D caseload at the end of the preceding FFY who were born out-of-wedlock, expressed as a percentage.²

Though California elects to use Statewide PEP as its Federal Performance Measure, IV-D PEP is provided to LCSAs in comparative data reports to monitor additional elements of paternity establishment performance at the local level.

In FFY 2020, IV-D PEP was 100.6 percent, a slight decrease of 0.9 percentage points from the previous year. See Tables B and B-1 on pages 12 and 13.

² This percent is calculated from data reported on the annual OCSE 157 Report, Line 6 (Children in IV-D Cases Open During or at the End of the FFY with Paternity Established or Acknowledged), divided by Line 5a (Children in IV-D Cases Open at the End of the Prior FFY Who Were Born Out-of-Wedlock). For this calculation, the denominator represents data from a prior period; therefore, it is possible for Paternity Establishment Percentage (PEP) to be greater than 100 percent. The minimum federal performance threshold is 50 percent.

TABLE B
IV-D PATERNITY ESTABLISHMENT PERCENTAGE
FEDERAL FISCAL YEAR 2020

	Children in IV-D Cases Open at the End of the Prior Federal Fiscal Year Who Were Born Out-of-Wedlock	Children in IV-D Cases with Paternity Established or Acknowledged	IV-D Paternity Establishment Percentage (PEP)

SOURCE: OCSE 157 Lines 5a (Children in IV-D Cases Open at the End of the Prior Federal Fiscal Year Who Were Born Out-of-Wedlock) and 6 (Children in IV-D Cases Open During or at the End of the Federal Fiscal Year With Paternity Established or Acknowledged)
For this calculation, the denominator represents data from a prior period; therefore, it is possible for Paternity Establishment Percentage (PEP) to be greater than 100 percent.
Due to adjustments made to the OCSE 157, lines 5a and 6 statewide total counts were reduced by 2,431 and 2,968, respectively. Therefore, the sum of the individual LCSA data for lines 5a and 6 will not equal the statewide total.

SOURCE: OCSE 157 Lines 5a (Children in IV-D Cases Open at the End of the Prior Federal Fiscal Year Who Were Born Out-of-Wedlock) and 6 (Children in IV-D Cases Open During or at the End of the Federal Fiscal Year With Paternity Established or Acknowledged)
For this calculation, the denominator represents data from a prior period; therefore, it is possible for Paternity Establishment Percentage (PEP) to be greater than 100 percent.

NOTE: Reporting the regionalization of Merced/Mariposa and Humboldt/Trinity did not begin until October 2016; therefore, prior data is not applicable (n/a).

PERCENT OF CASES WITH SUPPORT ORDERS ESTABLISHED

This Federal Performance Measure determines the percent of child support cases in which a child support order has been established.³ Support orders are defined as legally established, enforceable orders, including orders for medical support. Established support orders are required to legally enforce collections.

In FFY 2020, the number of cases statewide was approximately 1.09 million. Approximately one million cases, or 92.1 percent of those cases had support orders established. Performance on this measure remained the same in FFY 2020 and FFY 2019. California receives the maximum amount of federal incentive payments for this measure. See Tables C and C-1 on pages 16 and 17.

³ This percent is calculated from data reported on the annual OCSE 157 Report, Line 2 (Cases Open at the End of the FFY with Support Orders Established), divided by Line 1 (Cases Open at the End of the FFY). The minimum federal performance threshold is 50 percent.

PERCENT OF COLLECTIONS ON CURRENT SUPPORT

This Federal Performance Measure determines the percentage of current support collected and distributed, compared to the total amount of current support owed, expressed as a percentage.⁴

Current Assistance, Former Assistance and Never Assistance cases, cases with cash medical support payments, and cases closed during the report period with current support due are all included in the measure.

In FFY 2020, California collected and distributed 1.68 billion or 66.5 percent of the 2.52 billion in current support owed. This is a decrease of 0.1 percentage point from FFY 2019. See Tables D and D-1 on pages 20 and 21.

⁴This percent is calculated from data reported on the annual OCSE 157 Report, Line 25 (Total Amount of Support Distributed as Current Support During the FFY), divided by Line 24 (Total Amount of Current Support Due for the FFY). The minimum federal performance threshold is 40 percent.

PERCENT OF CASES WITH COLLECTIONS ON ARREARS

This Federal Performance Measure captures the percent of child support cases that owe past due child support (arrears) in which at least one qualifying payment was made toward that arrearage during the FFY.⁵ (An arrearage is reported any time a current support payment is missed.) The measure includes Current Assistance, Former Assistance, and Never Assistance cases, as well as cases closed during the FFY.

In FFY 2020, California's performance for this measure was 78.7 percent. The Percent of Cases with Collections on Arrears increased by 12.0 percentage points from FFY 2019 to FFY 2020. See Tables E and E-1 on pages 24 and 25.

⁵ This percent is calculated from data reported on the annual OCSE 157 Report, Line 29 (Cases Paying Toward Arrears During the FFY), divided by Line 28 (Cases with Arrears Due During the FFY). The minimum federal performance threshold is 40 percent.

COST EFFECTIVENESS

This Federal Performance Measure demonstrates the efficiency of the Child Support Program by comparing money collected to the cost of the program. The performance measure is a ratio of total distributed child support collections and fees retained by other agencies during the FFY to the total administrative costs of the IV-D Program.⁶ This administrative cost is measured by expenditures, not amounts budgeted or allocated. The total amount of distributed collections includes current support and arrears, interest, recoupment of aid paid, and fees retained by other states during the FFY.

In FFY 2020, California achieved a Cost Effectiveness ratio of \$2.74.

The LCSAs Cost Effectiveness are calculated by comparing county collections with county costs, excluding any state level administrative costs or statewide system development costs. Consequently, local collection-to-cost ratios are generally higher than the statewide ratio.

Individually, the LCSAs' performance for Cost Effectiveness ranged from a high of \$5.27 to a low of \$2.08. See Tables F and F-1 on pages 28 and 29.

⁶ The cost effectiveness dollar figure is calculated from the data reported on the OCSE 34 Report, Line 4b (Collections Sent to Other States or Tribes) plus Line 4c (Collections Sent to Other Countries) plus Line 8 (Total Distributed Collections) plus Line 11 (Fees Retained by Other States), divided by the sum of the OCSE 396 Report, Line 7 (Total Costs Claimed) minus Line 1c (Administrative Costs: Non- IV-D). The minimum federal performance threshold is \$2.00.

STATE PERFORMANCE MEASURES

PERCENT OF CASES WITH COLLECTIONS OF CURRENT SUPPORT

This State Performance Measure determines the percent of cases in the IV-D caseload receiving payment for current support compared to the total number of cases with current support due.⁷ Unlike the Federal Performance Measure of Collections on Current Support, this measure evaluates the number of cases owed and receiving current support, not the total dollar amounts owed and received.

In FFY 2020, 447,484 cases paid toward current child support of the 507,730 cases with current support due. This equates to 88.1 percent of cases paying current support in California in FFY 2020, an increase of 6.0 percentage points from FFY 2019. See Tables G and G-1 on pages 32 and 33.

⁷ The performance level for this measure is calculated from data reported on the CS 1257 Report, Line 45 (Cases Paying Toward Current Support During the FFY), divided by Line 44 (Cases with Current Support Due During the FFY).

NOTE: Reporting the regionalization of Merced/Mariposa and Humboldt/Trinity did not begin until October 2016; therefore, prior data is not applicable (n/a).

AVERAGE AMOUNT DISTRIBUTED PER CASE WITH A COLLECTION

This State Performance Measure determines the average amount distributed per case for all cases with a collection. The measure represents the unduplicated annual count of child support cases with at least one collection of support compared to the total amount of distributed collections (current support and arrears) during the report period.⁸

California's total child support distributed was approximately \$2.8 billion in FFY 2020. When applying the 761,468 cases with a collection, the state averaged \$3,711 distributed per case, an increase of \$110 from the prior FFY. Since FFY 2016, the statewide average distribution per case has increased by 10.6 percent.

For FFY 2020, the average amount distributed per case with a collection for individual counties ranged from a high of \$5,048 to a low of \$1,854. See Tables H and H-1 on pages 36 and 37.

Additionally, FC Section 17600(b)(6) requires this report to contain information as to the total child support distributed during the current FFY, broken down by Current Assistance, Former Assistance, and Never Assistance. See Table I on page 39 of this report.

⁸ The performance level for this measure is calculated from the sum of data reported on the annual OCSE 157 Report, Line 25 (Total Amount of Support Distributed as Current Support During the FFY) and Line 27 (Total Amount of Support Distributed as Arrears During the FFY), divided by Line 18 (Cases with Collections During the FFY).

PERCENT OF CASES WITH A SUPPORT ORDER ESTABLISHED DURING REPORT PERIOD

This State Performance Measure determines the number of cases that had a child support order established during the FFY, compared to the number of cases open at the end of the period requiring the establishment of a support order, expressed as a percentage.⁹

California established support orders in 30.0 percent of cases needing an order during FFY 2020, a decrease of 4.9 percentage points from FFY 2019. A total of 47,710 cases had a support order established during the reporting period. See Tables J and J-1 on pages 41 and 42.

⁹ The performance level for this measure is calculated from data reported on the annual OCSE 157 Report, Line 17 (Cases with Support Orders Established During the FFY), divided by the sum of Line 12 (Cases Open at the End of the FFY Requiring Services to Establish an Order) and Line 17 (Cases with Support Orders Established During the FFY).

PERCENT OF CASES REQUIRING A SUPPORT ORDER WITH ALLEGED FATHERS OR OBLIGORS SERVED WITH A SUMMONS AND COMPLAINT

The purpose of this State Performance Measure is to determine the percent of cases requiring a support order with the alleged fathers or obligors served with a summons and complaint to establish paternity or a support order.¹⁰ The court process requires that the alleged father or obligor must be served with a summons and complaint (either in person or by certified mail) to legally establish paternity or to establish an order for child support.

In FFY 2020, a total of 45,822 cases with alleged fathers or obligors were successfully served with a summons and complaint, in comparison to 158,812 cases requiring a support order, which amounts to 28.9 percent of the cases. This is a decrease of 1.9 percentage points from FFY 2019. See Tables K and K-1 on pages 45 and 46.

¹⁰ The performance level for this measure is calculated from data reported on the CS 1257 Report, Line 43 (Number of Cases with Alleged Fathers or Obligor Successfully Served with a Summons and Complaint During the FFY), divided by the sum of Line 12 (Cases Open at the End of the FFY Requiring Services to Establish an Order) and Line 17 (Cases with Support Orders Established During the FFY) of the annual OCSE 157 Report.

PERCENT OF CASES WITH SUPPORT ORDERS ESTABLISHED WITH MEDICAL SUPPORT ORDERED AND PROVIDED

This State Performance Measure determines the percent of cases in the child support caseload for which medical support has been ordered and provided.¹¹ Current Assistance, Former Assistance, Never Assistance cases, and cases that are closed during the FFY are included in this measure.

In FFY 2020, California had 744,021 cases with support orders established (minus arrears-only cases). Cases with medical support ordered and provided totaled 285,006 or 38.3 percent of the cases with support orders. This represents a decrease 0.6 percentage points from FFY 2019.

Individual county results range from a high of 58.9 percent to a low of 29.4 percent in FFY 2020. See Tables L and L-1 on pages 49 and 50.

¹¹ The performance level for this measure is calculated from data reported on the annual OCSE 157, Line 21a (Cases Open at the End of the FFY in Which Medical Support is Ordered and Provided), divided by Line 2 (Cases Open at the End of the FFY with Support Orders Established) minus Line 2e (Arrears-Only IV-D Cases With Orders Established Open at the End of the FFY).

COMPARISON OF RECEIVED COMPLAINTS TO CASES

This State Performance Measure shows a comparison of complaints to the caseload for each LCSA.¹² The purpose of this information is to assess effectiveness of case management for each county's Child Support Program. The comparison utilizes county caseload and computes the number of complaints per 10,000 cases.

FC Section 17800 requires the maintenance of a uniform complaint resolution process within the LCSAs. To ensure uniform complaint resolution data tracking and reporting, DCSS developed the Complaint Resolution Tracking System (CRTS). All LCSAs are required to use CRTS to enter complaint data. The chart below only reflects total statewide complaints by FFY.

In FFY 2020, 643 complaints were filed and recorded in the DCSS CRTS for approximately 1.09 million open child support cases. From FFY 2019 to FFY 2020 statewide complaints decreased by 27.1 percent. From FFY 2016 to FFY 2020 statewide complaints have decreased by 38.4 percent. Twenty-Two counties received no complaints during FFY 2020. See Tables M and M-1 on pages 53 and 54.

¹² Complaint information is based on the Complaint Resolution Tracking System (CRTS) Complaint Activity Report, and caseload is based on data reported on the annual OCSE 157 Report, Line 1 (Cases Open at the End of the FFY).

NOTE: Reporting the regionalization of Merced/Mariposa and Humboldt/Trinity did not begin until October 2016; therefore, prior data is not applicable (n/a).

* No complaints reported in a previous FFY period; therefore, a percent change cannot be calculated.

COMPARISON OF RECEIVED COMPLAINTS TO CASES FFY 2020

II. PROGRAM ADMINISTRATION

Description of Program Administration

DCSS is responsible for direct oversight, supervision, and funding of local child support agency (LCSA) operations to ensure an efficient and effective statewide child support program. A sound methodology and process to allocate administrative funds to the LCSAs to support their efforts in administering the program is critical to overall program success. The appropriateness of resource allocation in support of LCSAs operations greatly impacts the ability to accurately assess local agencies and statewide performance of the Child Support Program.

Program Administration Data

Family Code Section 17600(c)(4) requires DCSS to report various program fiscal and administrative data for LCSAs. The required state program data elements are as follows:

Total Costs of Program Administration – FC Section 17600(c)(4)

The total cost of administering the local child support agencies, including the federal, state, and county share of the costs, and the federal and state incentives received by each county.

Total Direct Program Costs – FC Section 17600(c)(4)(A)

The direct costs of the program broken down by total employee salaries and benefits, contractor costs, space charges, and payments to other county agencies.

Total Full-Time Equivalent (FTE) Employees – FC Section 17600(c)(4)(A)

In addition to direct program costs, this section also requires a list of the number of employees broken down into at least the following categories: attorneys, administrators, caseworkers, investigators, and clerical support.

Total Indirect Program Costs – FC Section 17600(c)(4)(B)

The indirect costs of the program (all overhead charges).

Total Costs of Program Administration

Total costs of administering each LCSA, including the federal and non-federal shares are reported for State Fiscal Years (SFYs) 2014-15, 2015-16, 2016-17, 2017-18, 2018-19 and 2019-20. These costs and FTE staffing data by category are displayed on the Program Administration tables (see pages 62, 64, 66, 68, 70, and 72).

Total Program Costs by Funding Source

(in millions)

SFY	Federal Incentives	State General Fund ¹	Federal Participation	TOTAL
2014-15	\$40.4	\$234.8	\$455.9	\$731.1
2015-16	\$41.1	\$238.9	\$463.8	\$743.8
2016-17	\$41.8	\$244.0	\$473.7	\$759.5
2017-18	\$42.9	\$242.4	\$470.4	\$755.7
2018-19 ²	\$42.9	\$246.9	\$479.2	\$769.0
2019-20 ²	\$43.3	\$257.5	\$499.9	\$800.7

¹ Includes county general funds used to draw down federal financial participation.

² Estimated Incentives – Program Costs will be adjusted upon receipt of actual incentives.

The total statewide administrative cost for operation of all local child support agencies is displayed in the table above. The child support administrative costs are primarily funded by federal participation, federal incentives, and a State General Fund allocation pursuant to FC Section 17704(b)(2)(B) (i).

Additionally, the State General Fund column includes all state and county general fund monies used to draw down matching Federal Financial Participation. The Federal Participation column includes the Federal Financial Participation drawn by the state and county general fund. The Federal Incentives column represents the actual or estimated amount of Federal Incentive monies available to the Program based on the five federal performance measures. Estimated incentives are used until final numbers are provided by the Federal government.

Total Direct Program Costs

The direct costs of the LCSAs are broken down by total employee salaries, direct service contracts, space, payments to other county agencies, and other direct costs for SFYs 2014-15, 2015-16, 2016-17, 2017-18, 2018-19 and 2019-20. Other direct costs include automation, travel, and operating expenses. These costs are displayed in Direct Cost tables and reflect actual amounts reported by LCSAs (see pages 61, 63, 65, 67, 69, and 71).

The data presented for SFYs 2014-15, 2015-16, 2016-17, 2017-18, 2018-19, and 2019-20 is based on expenditure data reported on the CS 921 Local Child Support Agency IV-D Program Budget Display reports and the Budget and Expenditure Claiming Application (BECA). These budgeting tools are also used by DCSS to collect baseline information and to assist

with the preparation of annual allocations for the LCSAs. Data is reported annually by local agencies and represents actual costs and staff as reported in local county budgets and not tied to specific county allocations or expenditures.

The data presented for SFY 2019-20 reflects actual expenditures reported in BECA. BECA was implemented at the commencement of SFY 2019-20 and is a new budget and expenditure reporting tool used by local agencies to report their expenditures monthly during the state fiscal year.

Total Full-Time Equivalent Employees

This data element identifies the actual FTE positions in LCSAs for SFYs 2014-15, 2015-16, 2016-17, 2017-18, 2018-19 and 2019-20, broken down by attorneys, administrators, caseworkers, investigators, clerical support, and other staff.

Other staff includes automation staff and staff for targeted programs such as customer service, ombudsperson program, and training programs. The actual positions reported here have been approved in local child support program budgets. See tables on pages 62, 64, 66, 68, 70, and 72.

The CS 921 budget template form includes definitions to delineate the functions performed by child support staff in each of the staffing categories. The following provides highlights of the detailed functional definitions by job category:

Attorneys - Staff licensed and performing specific duties in direct support of the Child Support Program, including, but not limited to, court appearances, motion filing, order modifications, lien releases, and legal advice on program policy and procedures. All legal functions, including those performed by law clerks and paralegals, are included here.

Administrators - Administrators include directors, program managers, administrator/business managers, fiscal managers, and human resources managers.

Caseworkers - Caseworkers include all staff responsible for activities directly related to casework including, but not limited to, interviewing case participants, maintaining and updating case control logs, performing notary duties, and negotiating child support payments. Caseworker supervisors also are included in this category.

Investigators - Staff performing non-criminal investigation activities in direct support of casework (non-sworn peace officer duties) are considered investigators. Investigator supervisors also are included in this category.

Clerical Support - Clerical support includes all local agency staff performing clerical duties such as filing and word processing. This includes administrative support, such as executive secretaries, secretaries, PBX/mail/file clerks, and account clerks.

Other Staff - Other staff includes all staff performing targeted program functions such as automation, customer service, ombudsperson, quality assurance, program improvement, compliance reviews, complaint resolution and state hearing processes, training, and customer and community outreach.

For SFY 2019-20, the staff definitions were revised with the implementation of BECA. The most significant change is seen in the Other Staff category which now includes: Managers, Supervisors, Administrative staff, CSE Financial staff, Centralized Financial Worker, Temp Help (caseload activities only), Training and Performance Management, EDP staff, Contract staff (non-EDP), and Contract staff (EDP). See table on page 72.

The following are detailed functional definitions by job category.

Attorneys – Staff licensed and performing specific duties in direct support of the child support program, including, but not limited to, court appearance, motion filing, order modifications, lien releases, and legal advice on program policy and procedures. All legal functions, including those performed by law clerks and paralegals, are included here. This includes supervisors and managers.

Administrators – Administrators include directors, program managers, administrator/business managers, fiscal managers, and human resources managers above second level supervisors.

Caseworkers

- Caseworker – An individual, regardless of title or classification, who has direct contact with case participants in performing Title IV-D case functions and duties involving case intake, establishment, collections, and distribution of child support within the LCSA.

- All Other Casework Staff – Staff that aid caseworkers through the performance of a subset of duties listed in the caseworker definition, but not authorized to perform all duties in their classification.

Investigators – Staff that perform non-criminal investigation activities in direct support of casework (non-sworn peace officer duties).

Clerical – Clerical support includes local agency staff performing clerical duties such as filing and word processing. This includes administrative case work and attorney clerical support.

Other Staff – Administrative staff, Centralized Financial Worker, CSE Financial Worker, Contracted Personnel (Non-EDP/Non-EDP), Electronic Data Processing (EDP) staff, Managers, Supervisors, Temp Help, Training and Performance Management, and other staff which includes staff performing targeted program functions such as automation, customer service, ombudsperson, quality assurance, program improvement, compliance reviews, complaint resolution and state hearing processes, training, and customer and community outreach.

Total Indirect Program Costs

This data element identifies the indirect costs of the LCSAs for SFYs 2014-15, 2015-16, 2016-17, 2017-18, 2018-19 and 2019-20. Indirect Cost tables reflect total indirect costs, as authorized in local budgets for the LCSAs, broken down by the countywide overhead costs.¹³ Indirect program costs are countywide overhead costs that are estimated administrative expenses planned for each department in the county for a given fiscal year. Adjustments are made in following years if the department paid more than the actual expenses and the credit is used in subsequent years. See pages 61, 63, 65, 67, 69, and 71.

¹³ Includes 2CFR, Part 200, Appendix V costs only.

III. PERFORMANCE IMPROVEMENT

Pursuant to Family Code Section 17701, the Department of Child Support Services (DCSS), in consultation with representatives from local child support agencies (LCSAs), have established a strategic planning process that incorporates statewide standards and implements actions necessary to promote the delivery of enhanced program services and to improve performance.

The current DCSS strategic Plan focuses on supporting California's children by facilitating consistent support of children, strengthening customer engagement, enhancing program performance, building collaborative partnerships to benefit families, fostering innovation and improving service delivery. The goals and objectives are intended to support progress and positive results. They build on successes learned from past practices, pilot projects, and local innovation and were developed to enhance performance and the customer experience.

Each LCSA is required to develop and submit individual Performance Management Plans (PMPs) annually focused on achieving these strategic goals. For FFY 2020, LCSAs were specifically asked to focus on reviewing Zero Dollar/Reserved child support orders for modification, increasing arrears collections, increasing newly established/opened cases, increasing current support collections, and increasing paternity intervention, shared services, delinquency prevention activities, and building collaborative partnerships with community-based agencies to engage and provide supportive services to families.

IV. DEFINITIONS

California's Child Support Program operates within an elaborate federal and state statutory and regulatory construct. There are many terms used within the program that have specific meanings and are reflected in the federal and state performance measures. Terms commonly used in the performance measures are:

- **IV-D Program** – The state child support enforcement program, enacted under Title IV-D of the federal Social Security Act, locates non-custodial parents or putative fathers; establishes paternity; establishes, modifies, and enforces child support and medical support orders; and collects and distributes child support payments.
- **IV-D Case** – A case in which a state provides child support services as directed by the state or tribal child support program that is authorized by Title IV-D of the Social Security Act. A IV-D case is comprised of:
 - a dependent child or children
 - a custodial party who may be a parent, caretaker relative or other custodian, including an entity such as a foster care agency; and
 - a noncustodial parent or parents, a mother, a father, or a putative father whose paternity has not been legally established.
- **Current Assistance Case** - A case where the children are: (1) recipients of Temporary Assistance for Needy Families (TANF) under Title IV-A of the Social Security Act or (2) entitled to Foster Care maintenance payments under Title IV-E of the Social Security Act. In addition, the children's support rights have been assigned by a caretaker relative to a state or tribe, and a referral to the state or tribal child support agency has been made. Also, a TANF IV-D Case or Foster Care IV-D Case.
- **Former Assistance Case** - A case where the children formerly received Title IV-A (AFDC or TANF) or Title IV-E foster care services.
- **Never Assistance Case** – A Title IV-D case that is not currently and has never in the past received aid under AFDC, CalWorks (which includes legal immigrant program), or foster care.
- **Medical Support** – Medical coverage provided for a child or children pursuant to an order. This includes: (1) private health insurance, (2)

public-funded health coverage if a parent is ordered by a court or administrative process to provide cash medical support payments to help pay the cost of Medicaid or Children's Health Insurance Program (CHIP), (3) cash medical support, including payment of health insurance premiums, and (4) payment of medical bills (including dental or eye care). Indian Health Service and Tricare are acceptable forms of medical support. Medical support may be provided by the custodial parent, noncustodial parent or another person, such as a stepparent.

- **Support Order** – A judgment or order of support, including medical support, whether temporary, final, or subject to modification, termination, or remission, regardless of the kind of action or proceeding in which it is entered.

- **Paternity** - The legal establishment of fatherhood for a child, either by court determination, administrative process, tribal custom or voluntary acknowledgment. A paternity acknowledgment involves the legal establishment of fatherhood for a child through a voluntary acknowledgment signed by both parents as part of an in-hospital or other acknowledgment service.
